PATH Outreach Program

Services Offered

PATH services are for people with serious mental illness, including those with co-occurring substance use disorders, who are experiencing homelessness or at risk of becoming homeless. PATH services include community-based outreach, mental health, substance abuse, case management and other support services, as well as a limited set of housing services.

Our planned outreach efforts employ a variety of methods including the utilization of mobile units and fixed locations. Our outreach workers will assist these individuals to link with more specialized service providers, and, as appropriate, provide services directly.

- ◇ Community Outreach
